

Safety Solutions, LLC. & Vorenkamp Well Control Training Announce Partnership

VORENKAMP WELL
CONTROL TRAINING

Now Offering Well Control Training

Safety Solutions, LLC is pleased to announce an expansion of our services to include IADC WellSharp, in partnership with Vorenkamp Well Control Training (VWCT). VWCT is an industry leader in the Well Control business with over 100 years combined experience providing well intervention training to oil & gas workers.

Safety Solutions, LLC currently provides a variety of professional safety training to support the oil & gas industry. This partnership expands the training services we are able to offer our customers to better support their needs.

VWCT is owned and operated by Matthew & Steve Vorenkamp, who have dedicated their careers to supporting the well control industry. Partnering with Safety Solutions, LLC allows VWCT to expand the regions in which they operate to now include: New Iberia, LA; Houston, TX; Midland, TX; Tyler, TX and Casper, WY.

Courses will be held at Safety Solutions, LLC. Training Center located at 7116 W. Interstate 20 in Midland, TX. The first course is scheduled for November 9th, 2020, with additional offerings to follow each week.

All administrative functions including scheduling, invoicing, and course completion documents will be coordinated by Safety Solutions, LLC consistent with all other course deliveries.

For scheduling, rates and additional information, please contact Safety Solutions, LLC at 432-238-5017 or petei@safetysolutionstx.com.

We also offer Drilling classes, please call for dates and times.
